

# Plug Lamp

**ateljé Lyktan**

MEMBER OF THE FAGERHULT GROUP

**Plug Lamp is design by the Stockholm-based design studio Form Us With Love for ateljé Lyktan. And it does exactly what its name suggests. “This was a really simple idea,” says John Löfgren. “We wanted to create a lamp with the added bonus of an electrical socket.”**

**Plug Lamp has a powder-coated cast aluminium base which supports a bulbous shade in frosted glass. The socket sits centrally on the base, confidently announcing the dual function of the product. Plug Lamp comes in a variety of colours, from a dusty pink and a dusty blue, to more muted tones of black, white and grey.**

**Whether it is to charge a mobile phone, computer, tablet or camera, we constantly seem to be on the look-out for electric points when we are on the go.**

**“...it also takes away that annoying procedure of searching for a socket...”**

# Plug Lamp

Material Body and base in die-cast aluminium.  
Opal glass shade.

Connection Rubber cable, length 2 m, with plug.  
Standard finish White NCS S0502-Y  
Black RAL9005  
Dusty blue NCS S6020-B  
Dusty pink NCS S1515-R  
Dusty green NCS S6010-G70Y  
Grey NCS S4000-N.  
Other colours available on request.

Light source Including light source LED with E27 socket.  
Other Phase dimming (reverse phase control) as standard.  
Fixed connection is available on request.

Table	DIM	280x130	E27	Black	210171
Table	DIM	280x130	E27	Dusty pink	210192
Table	DIM	280x130	E27	Dusty green	210194
Table	DIM	280x130	E27	Dusty blue	210195
Table	DIM	280x130	E27	White	210196
Table	DIM	280x130	E27	Grey	210197

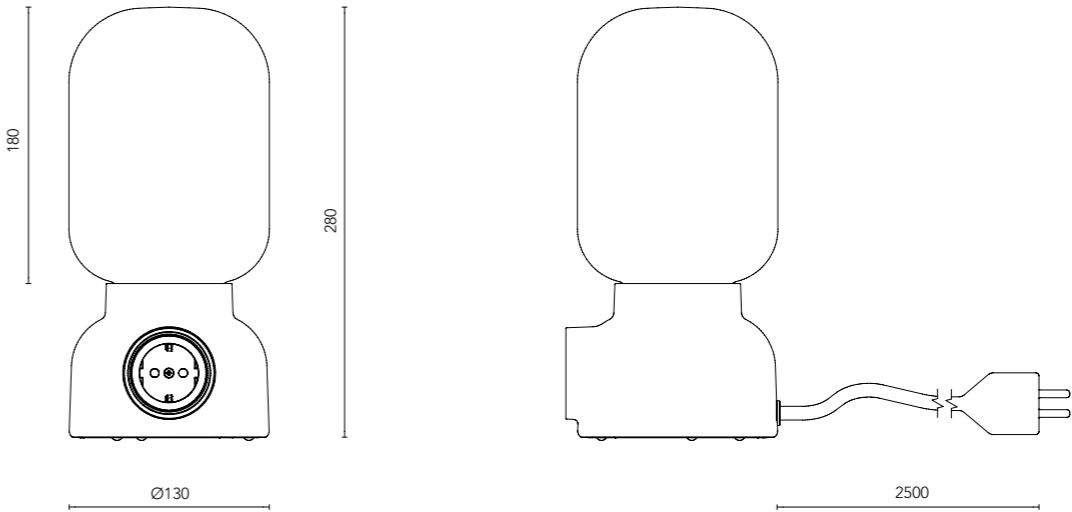

Integrated electrical socket.

Dimmable via rotary control.

Opal glass shade and luminaire body in die-cast aluminium.

**“There is a natural market for this sort of lamp in public spaces such as lobbies and cafés and also in hotel rooms,” says Löfgren. “By integrating the socket in the lamp it also takes away that annoying procedure of searching for a socket or having to unplug something in order to access an electrical point.”**

**As for the lamp function, Plug Lamp’s design engineer Johan Wanstadius explains that the E27 socket accommodates a variety of light sources, from LED to regular light bulbs. “The lamp is also dimmable,” says Wanstadius.**

**Plug Lamp has that unmistakable Form Us With Love signature – a strong, graphic form that clearly communicates its purpose. The final product is an iconic luminaire that will adorn its surroundings and assist its consumers in equal measures.**
