## **Bengt Källgren**

Bengt Källgren's co-operation with ateljé Lyktan began in 1999 with Rio, a luminaire which can be seen as the predecessor to Time, in terms of its shape and function.

Time was first launched in 2006, and it is currently ateljé Lyktan's most extensive luminaire series.

## Time Square

Introducing Time Square, inspired by a well-known architypal design, with balanced proportions and the same unique light engine as the original.

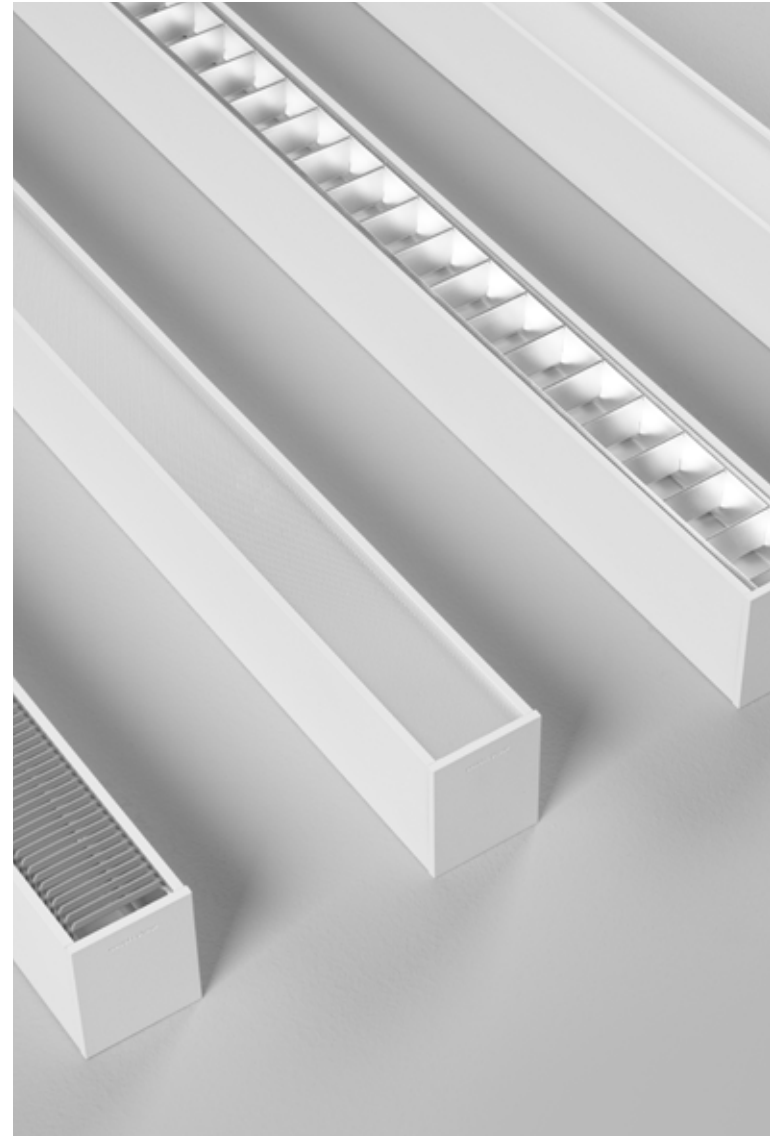

With its timeless design and effective light emission, Time works well as a lighting system, and is designed to last a long time.

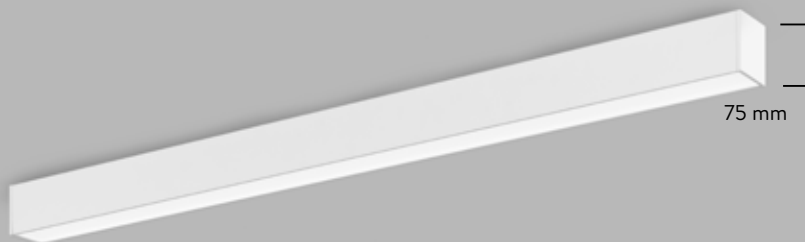

## Diffusers

Time Square is available in a choice of four different types of diffuser. For optimal lighting effect, an optical film with unique qualities is applied above the diffuser.
